Is it spring cleaning time in your household? Time to organize the garage, clean it up and throw it out? I am not talking about car parts you really, really had to have or really, really thought you needed because someday, I will use it on something. Is it time to start downsizing? Maybe a quick out with the old: re-cycle it and/or re-purpose it? Toss it, start using it again or donate it? Or maybe you are thinking of all the treasures you have that only hold a value and a memory for you. Are you kids going to want it? Seriously, how long are you going to hang on to it? And sadly, it ends up in a landfill! That is one of the many things I have been reading about, what are you leaving your children... to clean up? Do they want what they may think is merely "crap or junk or useless" BMW stuff? And, yes, I shudder at the thought. If they don't have any interest in your treasures, who does? Many of us are grandparents/aunts and uncles with treasures all over the house. I am not only talking about BMW memorabilia or other car stuff, I am talking about your other stuff, on display or not! There are many BMW friends and non-profits to donate your treasures. How many drawers or shelves stacked with event T-Shirts? College T-shirts? Those shirts with all those memories can be re-purposed into a quilt or a throw blanket (google it!). Get some use out of it. Maybe there is a younger member that would like to treasure your treasures. The first step might be to put it all in writing, as to where or to whom it should go to. The BMW CCA Foundation will be glad to accept your "treasured treasures." Maybe we should have a chapter "my treasures – your treasures" event? Maybe the chapter picnic (May 12) is THE place to re-purpose your treasures to a younger member? Think about it!

Membership for Everglades Chapter at the end of February was at 1374 with 202 Associates. We thank you for joining and for renewing. Keep renewing and do not let it lapse! The rebate program offered by BMW NA for the purchase or a lease for qualifying BMWs, is very strict on the "membership rule." It is their requirement and enforced by BMW NA, not BMW CCA. We cannot adjust your lapsed membership.

We are looking for a **new location for our monthly social meetings**. After several years at the Duffy's Sports Grill in WPB – their private back room is no longer private or a back room. VERY SOON the Email blast will be sent out and it will be on our chapter website – Announcing our NEW and suitable location for our monthly social meetings. We are open for suggestions. AND stay tuned for a SECOND monthly social meeting located in Ft. Lauderdale – I heard a rumor it might be the Old Heidelberg Restaurant!

Ride to the Ranch: First Coast Chapter BMW CCA will be hosting, along with the Florida Chapters – a BBQ event at Al Mackay's family ranch (north of Orlando) located east of The Villages and north of Leesburg. It is still in the planning stages but mark your calendar Saturday, May 19. Their final details will be on our website and/or in an email blast with other breaking news! Check online: www.firstcoastbmw.org

Under the heading of up and coming - **National Events:** May 18 is the opening of the ICON 2002 – Fifty Years at the BMW CCA Foundation in Greer SC. This event will be sold out fast and soon. Limited tickets are available – go to their website for details. www.bmwccafoundation.org. The same weekend is The Vintage in Asheville, NC area. www.atthevintage.com for all your information needs. I understand "host" hotel rooms are getting scarce. Registration has opened for Oktoberfest 2018 in Pittsburgh PA July 9th thru 15th.

Donations for the BMW CCA Foundation has brought us to a level of receiving back from the Foundation. One of the many gifts we received was a HPDE certificate for a lucky Everglades Chapter Member. Your officers are not allowed to use it. RULES: it must be used at a BMW CCA hosted HPDE – anywhere. The chapter member will be responsible for all expenses incurred to attend the HPDE. You will need to pay for the HPDE and then submit your receipt for the HPDE along with the certificate within 60 days of attending the school, to the Foundation and they will reimburse you for the cost of registration of the HPDE. IF it is a two-day school – you will receive a refund equivalent of the one-day school. The BOD discussed the options of getting the word out and it was decided, we will have a raffle at \$25.00 a ticket, for those interested in attending a BMW CCA Chapter HPDE. Tickets on sale at the PICNIC – we announce the winner at our annual picnic May 12. Check the National Calendar for HPDE

Editor's Corner by Michael J Posner

My open letter to Mike Miller the Tech Talk columnist at Roundel:

My 2013 M6 has burned about 1 quart of oil every 650-700 miles since purchased used at 32k miles. BMW insists this is normal. After continued complaining they gave me SI B11 03 13 (tinyurl.com/ycw6oes3) and also told me that they have a new procedure:

"Procedure: Engine oil - Topping up - When one of the above vehicles displays a message to add 1 quart of engine oil, BMW recommends adding 2 quarts of engine oil instead. The engine's oil sump design allows the additional quart; the result is a total capacity of 9.5 quarts (9.0 liters) of engine oil."

Following this I get about 1350 or so miles before the warning. However, since then I have lost a valve cover gasket and an air mas meter (which the tech said was covered in oil residue). Coincidence? Car now has 55k miles, and drives fine otherwise. Thoughts?

Mike Miller responded, "If you are using something else, switch to Lubri-Moly or Red Line 10W-60 engine oil. This engine does not like low viscosity engine oil, and the BMW oil tends to test out "finished" upon oil analysis at 4,000-5,000 miles. Reduce oil and filter change intervals to every 5,000 miles using one of these two products, and have analysis performed: www.blackstone-labs.com. That said, BMW considers one liter engine oil consumption every 500 miles to be normal in M cars. I disagree."

I am due for an oil change this summer, so I will switch to Red Line and see if that makes a big difference in the oil burning. Having Mike Miller as a club asset is fantastic and I follow his answers in Roundel every issue. My M6 has become homesick for the dealer...three service calls in 1500 miles, first a valve cover gasket, then the air mass meter and now a faulty driver's seat. Glad I purchased that extended warranty, I am sure with the third repair I would be in the red (especially at Braman's \$256 per hour charge for M car repairs). With only seven months left of coverage I am getting nervous, should I get another warranty or bite the bullet and buy a newer BMW.
