# THE STEERING WHEEL

By the time you read this the Annual Dinner will be just around the corner. I wanted to give a shout out to several of the sponsors, so far, that have been very supportive and generous. Bimmerworld, Tire Rack, Discount Tire, Hotchkis, Autobahn Country Club, Out Motoring, Bill Jacobs BMW, and Zymol have contributed some great gifts. You will be seeing some sneak peaks in this eBreeze, and maybe earlier on Facebook and Instagram.

At the last few board meetings we discussed the future of our Annual Dinner. We have been using this format for many years and it's been a great event for those that have attended. The question did arise of whether the costs for a fancy banquet dinner were best serving our membership, and perhaps a less expensive venue with more appeal to the general membership was warranted. Please share your thoughts with the board.

Finally, as those of you who follow such matters, the BMW CCA national board is looking to make changes, perhaps very big changes, to how we are structured as a club. I am not confident they have quite figured everything out just yet, so I will keep the hearsay to a minimum, but we may have a new insurance policy that provides blanket coverage in case the Club decides to have impromptu events. Currently, we need to notify national 30-days prior to get a certificate issued. We are not sure of the total fiscal implications of such a policy just yet, so stay tuned. The other major issue is that some chapters outside major metropolitan areas are struggling. I think I mentioned this before, and national is trying to find ways to assist them. One of the ideas (and I personally don't think it's a very good idea if I understand it correctly) is to have the chapters absolve as corporate entities and become part of the BMW CCA national corporation directly. Unless you are interested in governance and corporate lawyer stuff this probably isn't too interesting.

In closing, I'm looking forward to 2019. Our membership has been steady with increases from the 3-year membership benefit to BMW purchasers. If you don't know about the program I encourage you to find out more and share with your BMW-owner and especially potential BMW-owner friends and relatives. It's a great benefit and an easy way to save money on a new or CPO car.

I look forward to seeing many of you at the Annual Dinner! Until then...Happy Motoring **GRAIG NEVILLE**

## THE 2019 HPDE SERIES

By mid-January detailed Series information will be posted on [SaveTheDate.WindyCityBMW.com](http://SaveTheDate.WindyCityBMW.com) and registration for each event will be open on [MotorsportReg.com](http://MotorsportReg.com). Series sponsors for 2019 are BMW of Schererville and Underground Autosports.

### Autobahn HPDE:

Get your 2019 calendar out, grab a Sharpie and mark down the third weekend in May, because somehow writing something on a piece of paper seems more committed. But no matter how you do it, plan to join us at Autobahn for our first HPDE of the season. A car show, good food, a great facility, a dedicated group of instructors and of course two hours of track time per day on the two plus miles of smooth undulating pavement your car was built to tame all await you. See you there.

### Putnam HPDE:

For the first time in many years Windy City BMW will be heading south to the challenging curves of Putnam Park Road Course near beautiful Greencastle, Indiana. If you've been there before you'll know what to expect and are no doubt scheduling the third weekend in September now. If you've never been there, Putnam is a roughly 1.8 mile 10 turn road course, smooth, fast and varied, one of the nicest facilities in the Midwest. Enjoy our offering of two hours of track time per day with in-car instructing to enhance your performance. Plan to join us for an exhilarating time, and probably one of the last reliably decent weekends in the Midwest driving season.

# GOOD TIME AT CARTOBERFEST AT IRON GATE

Here are some pictures from the 2018 Cartoberfest event at Iron Gate. Iron Gate is a community of car enthusiasts with very nice garage condos (very hard to think of these as garages). It is not just storage but a life style.

The date for 2019 Cartoberfest is Sunday, September 22, 2019. Cartoberfest is a charity event with music, food and some open doors to the garage condos. Lots of cars, lots of people. Lots of fun!

## CHANGES FROM 2018

For 2019, there were few changes made to the rules, modification points, and vehicle points. Below is the summary of the changes made to the rules, and as always, the full document will be available for review on the club's website.

### Autocross Rule Changes

Under Safety, Section 10 (Work Assignments), Item A (Event Chairpeople) – Modified the Event Chairpeople responsibilities. Removed some explicitly stated duties with “assisting wherever needed”.

**Under Safety, Section 10 (Work Assignments), Item B (Autocross Event Team Member)** – This is a new worker position added for the 2019 season:

**Autocross Event Team Member** – Limited to a maximum of three (3) per event, an autocross event team member is a regular autocross participant who is highly familiar and experienced with club autocross operations and is currently a Windy City BMW driving instructor. These workers will assist the Autocross Chair and Event Chairpeople with various duties, including:

\*Assist in transporting some of the autocross equipment to and from the event venue (if necessary)

\*Arrive early at the event site to assist the Autocross Chair with equipment setup, usually between 7:00 - 7:15 am

\*Assist with setting up the autocross equipment and timing gear

\*If necessary, assist with course set up

\*“Float” during the autocross event, to assist and help out when necessary. Examples include assisting with equipment issues that may arise, or instructing novice drivers

\*Assist with breaking down the autocross equipment and site cleanup after the event has concluded

Under Modification Points – Suspension, the following additions were made:

M-Sport Package – 1 point

Included Electronic Damper Control (EDC) and Track

Handling Package in the same category as Active Roll Stabilization (ARS) – 4 points

### Vehicle Additions or Starting Points Changes

2019 + M2 Competition – 56 points

2016-2018 M2 Performance (ZL9 package) –

Increased from 57 points to 62 points due to the factory installation of M Performance Coilovers

2018+ M3/M4 CS – 57 points

2019+ M5/M5 CS – 50 points

The cones may be hibernating, but “cone-hunting” season begins in four months. Mark your calendars now for our season opener on Sunday, April 28, 2019 at Boomers Stadium! **JOHN SCHWARZ**
